

### **1.1.1 The Institution ensures effective curriculum planning and delivery through a well-planned and documented process including Academic calendar and conduct of continuous internal Assessment**

The institution has adopted a curriculum framework provided by GGSIPU (Guru Gobind Singh Indraprastha University) while proactively embracing academic flexibility. This approach ensures that the institution can maintain a strong foundation while also adapting to the evolving needs and aspirations of its students. MERI meticulously develops its institutional calendar in accordance with the university's proposed Academic Calendar (AC). This comprehensive calendar encompasses a wide range of elements, including the planning of events, activities, class tests, holidays, and semester-end examinations, all structured within a semester-based system.

The process of creating the academic calendar is initiated before the commencement of each semester, with the Dean collaborating closely with Heads of Departments (HoDs). This collaboration ensures that the calendar takes into account the total number of available teaching days and adheres to the minimum teaching hours mandated by University regulations.

To support effective teaching, the institution prepares a detailed compendium of lesson plans. This compendium covers all theory and practical subjects across all semesters within a particular program. It provides comprehensive information, including unit-wise topics, subtopics, allocated teaching hours, recommended reference materials, incorporated enrichments, chosen teaching methodologies for specific topics, and schedules for related assignments.

To promote transparency and accessibility, the Institutional Academic Calendar, Lesson Plans, and Datasheets for internal examinations (both Theory and Practical) are made readily available through multiple communication channels. These include the dean mail Id, notice boards, as well as distribution to Heads of Departments (HoDs), Program Coordinators, Class Mentors,

students, and faculty members. Furthermore, class timetables are meticulously crafted to align with the Academic Calendar, ensuring that teaching and learning activities, internal examinations, Project Viva assessments, and End Term Examinations are scheduled according to the pre-established framework.

In addition to this, the institution places great importance on the conduct of continuous internal assessments. These assessments serve as a cornerstone of the educational process, enabling faculty to gauge student progress, identify areas of improvement, and provide timely feedback. By consistently evaluating student performance, the exami ensures that learning outcomes are met and that students are adequately prepared for their academic and professional journeys. Continuous internal assessment is done by taking assignments, conducting quiz, presentation and mid-term examinations. Assignments and mid -term exam specifically designed with analytical and practical implication based questions and case study so that students analytical skills can be evaluated.

### 1.1.1 Academic Calendar

<b>Academic &amp; Activity Calendar July 2022- June 2023</b>				
<b>S.no</b>	<b>Name of the activity</b>	<b>Date</b>	<b>Club</b>	<b>Coordinators</b>
1	Create For Change Contest	2nd July 2022	CSR Club	Dr. Deepsikha Kalra, Ms. Shweta Ahuja, Mr Amit v Hans, Mr. Rakesh Kumar, Ms Sheela Narang
2	Group Discussion	5th July, 2022	WOW Literary Club	Dr. Shikha Gupta, Ms. Deepti Kapoor & Dr. Pooja Singh Negi
3	Cleanliness Drive in Iajwanti garden, Janakpuri	9th July 2022	CSR Club	Dr. Deepsikha Kalra, Ms. Shweta Ahuja, Mr Amit v Hans, Mr Rakesh Kumar, Ms Sheela Narang

4	Animal Welfare awareness Drive	25th July 2022	CSR CLUB	Dr. Deepsikha Kalra, Ms. Shweta Ahuja, Mr Amit v Hans ,Mr Rakesh Kumar, Ms Sheela Narang

## 1.1.2 Course Outline

**BA (JMC) III SEMESTER**

BA (JMC) 152 – Print Journalism Lab

**COURSE OUTLINE****COURSE OBJECTIVE:**

The successful learning & completion of this course will help students:

- Examine various forms of reporting and news writing with a thorough understanding of the structure of news writing (Hard & Soft News)
- Defining various aspects of editing and the nuances involved in newspaper page designing and typography.

The following will be achieved by:

- To analyze daily newspaper
- To learn leads & Practice Writing leads.
- To practice different types of leads.
- To learn identification of News
- To learn writing & rewriting of News stories.
- To learn writing a feature
- To develop better understanding of writing an Editorial.
- To understand & practice the use of Editing symbols
- To learn & Practice Editing of News Stories
- To practice writing Photo Captions & Cutlines.
- To learn & design a newspaper.

**Methodology:-**

Interactive & Participative learning sessions involving practical application, exposure & presentations.

**Evaluation:-**

<b>METHOD OF ASSESSMENT</b>	<b>(As per G.GS.I.P University, New Delhi)</b>	
Practical Courses	Allocation of Marks: 100 marks	
Class Test	There shall be one Class Test in each semester for each of the Lab Courses. It shall be based on Demonstration of Skills and Viva Voce	15
Continuous Evaluation	It shall be based on Assignments & Exercises	15
Internal Assessment	It shall be based on Lab Performance in each Semester	10
External University Exams		60

S.NO.	Description	Planned No. of Week	Pedagogy
1.	Reading of newspapers in the class particularly the front page and the local news pages.	1	Analytical learning
2.	Analysis of daily Newspaper		
3.	Identifying of Five W's and one H in a news story	1	Comparative & Analytical learning
4.	Differentiating & Analysis the writing style of different Stories in Different papers		
5.	Reading & Analyzing different types of Leads	1	Practical & Inferential based learning
6.	Rewriting news Leads from given facts		
7.	Practicing Different types of News Leads	2	Practical & Inferential based learning
8.	Rewriting Different types of News Leads		
9.	To learn News Worthiness.	1	Practical & Inferential based learning
10.	To learn identification of News.	1	
11.	To learn writing of News following the News Writing Structure.	2	Practical & Inferential based learning
12.	To learn rewriting of News	1	
13.	To rewrite News of different Types	1	Analytical & Practical Based learning
14.	To analyze various feature from NP	1	

15.	To learn writing a feature	1	Practice based learning
16.	Analysis of Editorial	1	Analytical & Practical Based learning
17.	To write Editorial on topic shared	1	
18.	To learn editing of information to make it news	1	Practical & Inferential based learning
19.	To practice Editing symbols	2	
20.	To practice Editing of News Stories	1	Practical learning
21.	To edit News stories	1	
22.	To Translate News Stories(Hindi to English )	2	Practical & Experiential learning
23.	To Translate News Stories(English to Hindi)		
24.	Analysis of Photo Captions	1	Practical learning
25.	To rewrite & use Photo Captions	1	
26.	To rewrite cut lines	1	Practical learning
27.	To analyze the layout & of the NP.	3	Analytical & Practical Based learning
28.	To plan the newspaper for designing		
29.	To know& study the basics of Interview	2	Practical learning
30	Plan & schedule the interview for the NP

**BCA V SEMESTER  
BCA-305 CLOUD COMPUTING CREDITS-4  
COURSE OUTLINE**

**Course Instructor: Dr. Sachin Kumar**

### COURSE LEARNING OBJECTIVES

In this course, the learners will be able to develop expertise related to the following: -

1. Understand current cloud computing technologies, including technologies for different cloud services.
2. Analyze the components of cloud computing.
3. Perform Large data processing in the cloud

### COURSE OUTCOMES

After completion of this course the learners will be able to

- CO1- Overview of Cloud Computing
- CO2- Understanding Cloud Computing Architecture
- CO3- Working with Parallel and Distributed Computing
- CO4: Understanding the Concept of Virtualization

### PEDAGOGY

The course objective will be achieved through Lectures, Practical's, PPT Presentations

### EVALUATION

**Besides the semester end-examination, students will be continuously assessed during the course on the following basis:**

<b>METHOD OF ASSESSMENT</b>	<b>(As per G.GS.I.P University, New Delhi)</b>	
Practical Courses	Allocation of Marks: 100 marks	
Mid Term Examination	There shall be one Class Test in each semester.	15
Continuous Evaluation	It shall be based on Assignments & Exercises	5
Internal Assessment	Attendance and Discipline	5
External University Exams		75

## TEACHING PLAN:

Detailed Course Outline	Sessions	Time line
<b><u>UNIT I</u></b>	11	
<ol style="list-style-type: none"> <li>1. Cloud Computing Overview –Services of Internet,</li> <li>2. Origins of Cloud computing – Cloud components – Essential characteristics –</li> <li>3. On-demand self-service, The vision of cloud computing – Characteristics,</li> <li>4. benefits, and Challenges ahead</li> </ol>	Total 11 sessions	<b>Practical List of Unit-1</b>
<b><u>UNIT II</u></b>	11	
<ol style="list-style-type: none"> <li>1. Cloud Computing Architecture-Introduction – Internet as a Platform,</li> <li>2. The cloud reference model - Types of clouds - Economics of the cloud,</li> <li>3. Computing platforms and technologies, Cloud computing economics,</li> <li>4. Cloud infrastructure - Economics of private clouds - Software productivity in the cloud - Economics of scale: public vs. private clouds.</li> </ol>	Total 11 sessions	<b>Practical List of Unit-2</b>
<b><u>Unit III</u></b>	11	
<ol style="list-style-type: none"> <li>1. Principles of Parallel and Distributed Computing: Parallel vs. distributed computing - Elements of parallel computing - Hardware architectures for parallel processing,</li> <li>2. Approaches to parallel programming - Laws of caution.</li> </ol>	Total 11 sessions	<b>Practical List of Unit-3</b>
<b><u>Unit IV</u></b>	11	

1. Virtualization: Introduction - Characteristics of virtualized environments - Taxonomy of virtualization techniques – 2. Virtualization and cloud computing - Pros and cons of virtualization - Technology example: VMware: full virtualization, 3. Types of hardware virtualization: Full virtualization - partial virtualization - para virtualization	Total 11 sessions	<b>Practical List of Unit-4</b>
<b>TOTAL NO. OF SESSIONS</b>	44

The screenshot shows a Google Classroom interface for a class titled "Financial Accounting and Analysis" (Sec E BBA 1st sem). The interface is viewed in an Incognito browser window. On the left, a sidebar lists various courses, with "Financial Accounting and Analysis" selected. The main area is divided into tabs: "Stream", "Classwork", "People", and "Grades". The "Stream" tab is active, showing a feed of posts. At the top of the stream is a comment box with the placeholder text "Add class comment...". Below this, a post by Ms. Sarita Yadav from Feb 4 is visible, titled "Important questions with solutions PFA". This post includes a document titled "Notes FAA.docx" (Word format). Further down, three assignment posts are listed: "Assignment for the students with short attendance" (Jan 20), "Assignment Unit 1" (Jan 5), and "Biz-Buz activity" (Dec 28, 2022). Each assignment post includes a comment box and a three-dot menu. The bottom of the screen shows a Windows taskbar with the search bar, taskbar icons, and system tray information including 33°C Haze, 11:45, and 27-09-2023.

Dear Students

Please solve the attached questions for the next class.

...

Q1. Find the future value of a series of monthly regular payments of Rs 500 for 5 years with an annual interest rate of 5%.

Q2. How much will you need to deposit today so that you can take out regular payments of Rs 1000 per year for 4 years if the account that pays 6 % compounded annually?

Q3. Rs 1000 is invested every three months at 4.8% compounded quarterly. How much will the annuity be worth in 10 years?
